Floor Saving Baseplate for Optical Turnstiles

The optional floor saver baseplate enables easy installation of Alvarado's optical turnstiles on a solid foundation, without the need to drill holes into flooring. The baseplate also provides concealed conduit channels for wiring primary power, crossover power and communication, as well as access control wiring.

Typical Installation Sites

- Government Facilities
- Corporate Lobbies
- Campus Recreation Centers
- Historical Buildings

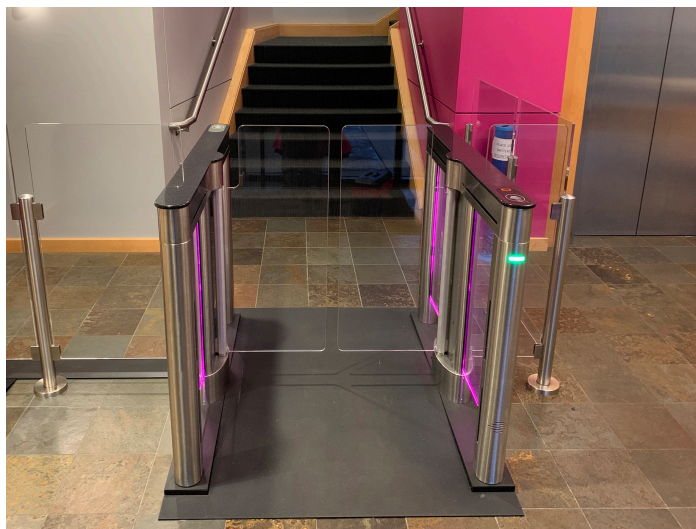

Available Configurations

Standard: 28" wide passageway

ADA: 36" wide passageway

Multi-lane: 28" and 36" baseplates may be bridged together for multi-lane configurations using supplied bridge supports and screws.
